**Hello everyone and welcome new subscribers!**

Hi Everyone,

This is a short note to let you know that we just released a new product set for DC only layouts. For years people have been asking us to make a Non-DCC version of our famous light boards. They are here! The announcement video link is below and the boards are available immediately.

We also have DC only Caboose boards for both HO and N Scale in case that interests you.

These are N Scale boards but we do have the design for HO Scale if there is enough interest. If you are interested, please let us know by email:

[support@ModelTrainTechnology.com](mailto:support@ModelTrainTechnology.com)

## **N Scale Passenger Car lighting for DC**

Thank you again for all your support.
